ABSENCES

Excused Absences (Ed. Code §§ 46010.1, 48200, 48205, 48980)

Except when attendance is excused, students between the ages of 6 and 18 years are required by law to attend school and parents must compel their students to do so. Students will be excused from school for the following reasons:

- (1) Illness of the student, including an absence for the benefit of the student's mental or behavioral health.
- (2) Quarantine under the direction of a county or city health officer.
- (3) Securing medical, dental, optometric, or chiropractic services.
- (4) Attendance at the funeral services of a member of the student's immediate family, so long as the absence is not more than one day if the service is conducted in California, and not more than three days if the service is conducted outside California.
- (5) Jury duty.
- (6) Illness or medical appointment during school hours of a child of whom the student is the custodial parent, including absences to care for a sick child for which the school staff shall not require a note from a doctor.
- (7) For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the student's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the student's absence is requested in writing by the parent and approved by the principal or a designated representative. Attendance at religious retreats cannot exceed four hours per semester.
- (8) Service as a member of a precinct board for an election.
- (9) Spending time with a member of the student's immediate family, who is an active duty member of the uniformed services, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position; such absences will be granted for a period of time to be determined at the discretion of the Superintendent.
- (10) Attendance of the student's naturalization ceremony to become a United States citizen.
- (11) For the purpose of participating in a cultural ceremony or event. "Cultural" means relating to the habits, practices, beliefs, and traditions of a certain group of people.
- (12) Obtaining confidential medical services without parental consent.
- (13) For the purpose of engaging in a civic or political event, provided that the student is in middle school or high school and notifies the school ahead of the absence. A student may be excused for only one schoolday-long absence per school year for this purpose, unless the school administrator permits additional excused absences.

A student may not have their grade reduced or lose academic credit for any excused absence(s) if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time.

Absences for Religious Purposes (Ed. Code § 46014)

With parent written consent, a student may be excused from school to attend religious exercises or classes away from school. Such absences may not exceed four days per month. An excused student must nevertheless maintain his or her attendance at the minimum level of school days required for his or her grade.

ATTENDANCE

Attendance Options (Ed. Code §§ 35160.5, 46600 et seq., 48350 et seq., 48980)

California law requires all school boards to inform parents of all existing statutory attendance options and local attendance options available in the District. Students who attend schools other than those assigned by the District are referred to as “transfer students” throughout this Notice.

Intradistrict Transfers. In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for intra-district open enrollment shall be submitted between March 15 and April 30 of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space. (Education Code 35160.5)

The Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school's capacity. (Education Code 35160.5)

Enrollment decisions shall not be based on a student's academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students. (Education Code 35160.5)

Interdistrict Transfers. California law allows two or more school districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted or denied. Districts of residence may not deny a transfer of a student whose parent is active duty military where the district of proposed enrollment approves the application. No district is required to provide transportation to a student who transfers into the district. If either district denies a transfer request, a parent may appeal that decision to the county board of education within 30 calendar days from the date of the final denial. There are specified timelines in the law for the county board of education to make a decision. See Appendix for the District's policy on Interdistrict Transfers.

Residency Requirements (Ed. Code §§ 48200, 48204, 48204.3, 48204.4, 48206.3, 48207, 48208, 48853.5, 48980)

The District desires to admit all students who reside within the District boundaries or who fulfill the District residency requirements through other means as allowed by law. A student shall be deemed to have complied with the District's residency requirements if any of the following are met:

Residency. The student's parent or legal guardian resides within the District's boundaries.

Children of Military Service Members. The student's parent or legal guardian is transferred or is pending transfer to a military installation within the state while on active military duty pursuant to an official military order. The District must accept applications by electronic means for enrollment, including enrollment in a specific school or program within the District, and for course registration. The parent must provide proof of residency in the District within 10 days after the published arrival date provided on official documentation.

Licensed Children's Institution, Foster Home, or Family Home. The student is placed within the District's boundaries in a regularly established licensed children's institution, a licensed foster home, or a family home pursuant to court order.

Foster Children. The student is a foster child who remains in his or her school of origin. When a student's foster student status is terminated by the juvenile court during the school year, former foster students in grades K through eighth must be allowed to finish the school year in his or her school of origin. Former foster students in grades ninth through twelfth must be allowed to continue attending their schools of origin through graduation.

Interdistrict Attendance. The student has been admitting through an interdistrict attendance option, such as an interdistrict attendance agreement, or Open Enrollment Act transfer.

Emancipated Minor. The student resides within the District's boundaries and whose parent or legal guardian has been relieved of responsibility, control, and authority through emancipation.

Caregiving Adult. The student lives with a caregiving adult within the District's boundaries and the caregiving adult submits an affidavit to that effect.

State Hospital. The student resides in a state hospital located within the District's boundaries.

Parent's Employment. The student's parent or legal guardian resides outside of the District's boundaries but is employed within the District's boundaries and lives with the student at the place of employment for a minimum of three days during the school week.

Students of Detained or Deported Parents. The student's parent has departed California against his or her will, and the student can provide official documentation evidencing the departure; and the student moved outside of California as a result of his or her parent leaving the state against his or her will, and the student lived in California immediately before moving outside the state. The student must provide evidence of enrollment in a California public school immediately before moving outside the state. Deported parents may designate another adult to attend school meetings and to serve as an emergency contact. No charges or fees of any kind may be required for admission or attendance in these circumstances. This law applies to parents who were: (1) in the custody of a government agency and were transferred to another state; (2) subject to a lawful removal order and who were removed or were permitted to leave California voluntarily before being removed; and (3) subject to any additional circumstances consistent with these purposes, as determined by the District.

The District may deem a student to have met residency requirements for school attendance if at least one parent or legal guardian of the student is physically employed within the boundaries of that district for a minimum of 10 hours during the school week, subject to the right of the district of residence or the district of employment to prohibit the transfer on various grounds provided for in Education Code section 48204(b), paragraphs (2) to (6). The District is not required to admit the student to its school based on the employment of the parent, but it may not refuse to admit the student on the basis of race, ethnicity, sex, parental income, scholastic achievement, or any other arbitrary consideration. Once a student has been deemed to have residency and is enrolled in the District on this basis, the student does not have to reapply in the next school year to attend a school within the District, and the governing board shall allow the student to attend school through the 12th grade in the District if the parent so chooses and if at least one parent continues to be physically employed in the District.

Temporary Disability (Ed. Code §§ 48206.3, 48207, 48207.3, 48208, 48980)

A student whose temporary disability makes school attendance impossible or inadvisable must receive individual instruction either at home provided by the school district in which the student resides or in a hospital or other residential health facility, excluding state hospitals, provided by the school district in which the hospital or residential facility is located. "Temporary disability" means a physical, mental or emotional disability incurred while a student is enrolled in regular day classes or an alternative education program to which the student can reasonably be expected to return. "Temporary disability" does not include a disability that would qualify a student as a "student with exceptional needs" under Education Code section 56026.

A student with a temporary disability, who is in a hospital or other residential health facility, excluding a state hospital, located outside of the district in which the student's parent resides, complies with the school district's residency requirements for school attendance in the school district in which the hospital is located. Once the parent has notified the district in which the hospital is located of the student's presence in the qualifying hospital, the district has five working days to notify the parent if individualized instruction shall be made available. If the determination is positive, individualized instruction will begin within five working days.

Students enrolled in individual instruction in a hospital or other residential health facility for a partial week, are entitled to attend school in his or her school district of residence, or to receive individual instruction provided by the school district of residence in the student's home, on days in which he or she is not receiving individual instruction in a hospital or other residential health facility, if he or she is well enough to do so.

When a student receiving individual instruction is well enough to return to school, he or she must be allowed to return to the school that he or she attended immediately before receiving individual instruction was initiated. Absences from the student's regular school program due to the student's temporary disability are excused until the student is able to return to the regular school program.

Students in Active Military Families - Residency Retention and Matriculation (Ed. Code §§ 48204.6, 48980)

A student living in the household of an active duty military service member must be allowed to continue attending the student's school of origin for the remainder of the school year if the family moves.

A student from an active duty military family who is transitioning between school grade levels must be allowed to continue in the school district of origin and in the same attendance area of his/her school of origin. If the student is transitioning to middle school or high school, and the school designated for matriculation is in another school district, the local educational agency must allow the student to continue to the school designated for matriculation in that school district. The new school must immediately enroll the student, even if the child has outstanding fees, fines, textbooks, or other items or moneys due to the school last attended, or if the student is unable to produce clothing or records normally required for enrollment.

If the parent or legal guardian's military service ends during the school year, then the student is allowed to stay in his or her school of origin for the remainder of the school year if he or she is in grades 1-8, or through graduation if the student is in high school.

Migratory Children - Residency Retention and Matriculation (Ed. Code §§ 48204.7, 54441)

A currently migratory child is a child who has moved from one school district to another in order that the child, parent, or immediate family member might secure temporary or seasonal employment in an agricultural or fishing activity.

A currently migratory child must be allowed to continue attending the student's school of origin, regardless of any change of resident during that school year, for the duration of the student's status as a currently migratory child.

A currently migratory child who is transitioning between school grade levels must be allowed to continue in the school district of origin and in the same attendance area of his/her school of origin. If the student is transitioning to middle school or high school, and the school designated for matriculation is in another school district, the local educational agency must allow the student to continue to the school designated for matriculation in that school district. The new school must immediately enroll the student, even if the child has outstanding fees, fines, textbooks, or other items or moneys due to the school last attended, or if the student is unable to produce clothing or records normally required for enrollment.

If the student's status as a currently migratory child ends during the school year, then the student is allowed to stay in his or her school of origin for the remainder of the school year if he or she is in grades 1-8, or through graduation if the student is in high school.

Immigration Enforcement - "Know Your Rights" (Ed. Code § 234.7)

All students have the right to a free public education, regardless of immigration status or religious beliefs. For more information, please see the resources developed by the California Attorney General at <https://www.oag.ca.gov/immigrant/rights>.

Notice of Alternative Schools (Ed. Code § 58501)

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- (1) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (2) Recognize that the best learning takes place when the student learns because of his desire to learn.
- (3) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects.
- (4) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- (5) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, student, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information.

This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

Transfer of Student Convicted of Violent Felony or Misdemeanor (Ed. Code §§ 48929, 48980)

The District's governing board has adopted Board Policy 5116.2 that allows for the transfer of students who have been convicted of violent felonies and designated misdemeanors to another school within the District if the offending student and the victim of the crime are enrolled at the same school, if certain requirements are satisfied.

Transfer of Victims of Bullying (Ed. Code § 46600)

School districts must approve the request of a bullying victim, as defined, to transfer to another school within the district. If the requested school is at capacity, the school district must accept a request for an alternate site. If the school district of residence has only one school available, the school district of residence must honor the student's interdistrict transfer request if the school district of proposed enrollment approves the transfer.

Complaints related to Child Nutrition Programs established pursuant to the National School Lunch Program, Summer Food Service Program, Child and Adult Care Food Program, Special Milk Program, School Breakfast Program, and Food Distribution Program are no longer processed through the LEA’s Uniform Complaint Procedures. Instead, complaints must be processed through the existing procedures outlined in the federal regulations and the new, related state regulations, California Code of Regulations, title 5, sections 15580-15584. A complaint must be submitted within one year of the date of the alleged violation, and may be filed by phone, e-mail, or letter. Lactation Accommodations for Parenting Students (Ed. Code § 222)

A school operated by a school district or a county office of education, the California School for the Deaf, the California School for the Blind, and a charter school must provide reasonable accommodations to a lactating student on a school campus to express milk, breast-feed an infant child, or address other needs related to breastfeeding. Reasonable accommodations under this section include, but are not limited to, all of the following:

- Access to a private and secure room, other than a restroom, to express breast milk or breast-feed an infant child.
- Permission to bring onto a school campus a breast pump and any other equipment used to express breast milk.
- Access to a power source for a breast pump or any other equipment used to express breast milk.
- Access to a place to store expressed breast milk safely.
- A reasonable amount of time to accommodate the need to express breast milk or breast-feed an infant child.

A student may not incur an academic penalty as a result of her use of reasonable lactation accommodations and must be provided an opportunity to make up any work missed due to such use.

A complaint of noncompliance with the requirements of this provision may be filed under the District's Uniform Complaint Procedures. Complainants not satisfied with the District's decision may appeal the decision to the California Department of Education and receive a written decision within 60 days. If the District finds merit in a complaint, or if the Superintendent finds merit in an appeal, the District will provide a remedy to the affected student.

Pregnant and Parenting Student Rights (Ed. Code §§ 221.51, 46015)

The District cannot apply any rule concerning a student's actual or potential parental, family, or marital status that treats students differently on the basis of sex. The District cannot exclude or deny any student from any educational program or activity, including class or extracurricular activity, solely on the basis of the student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom.

The District may require any student to obtain the certification of a physician or nurse practitioner that the student is physically and emotionally able to continue participation in the regular education program or activity.

Pregnant or parenting students cannot be required to participate in pregnant minor programs or alternative education programs. Pregnant or parenting students who voluntarily participate in alternative education programs will be given educational programs, activities, and courses equal to those they would have been in if participating in the regular education program.

The District must treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom in the same manner and under the same policies as any other temporary disabling condition.

Pregnant or parenting students are entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. The student, if the student is 18 years of age or older, or, if the student is under 18 years of age, the person holding the right to make educational decisions for the student, shall notify the school of the student's intent to exercise this right. Failure to notify the school shall not reduce these rights. A pregnant or parenting student who does not wish to take all or part of the parental leave to which he or she is entitled shall not be required to do so. A pregnant or parenting student is entitled to receive more than eight weeks of parental leave if deemed medically necessary by the student's physician.

When a student takes parental leave, the supervisor of attendance shall ensure that absences from the student's regular school program are excused until the student is able to return to the regular school program or an alternative education program. During parental leave, the District shall not require a pregnant or parenting student to complete academic work or other school requirements.

A pregnant or parenting student may return to the school and the course of study in which he or she was enrolled before taking parental leave. Upon return to school after taking parental leave, a pregnant or parenting student is entitled to opportunities to make up work missed during his or her leave, including, but not limited to, makeup work plans and reenrollment in courses.

Notwithstanding any other law, a pregnant or parenting student may remain enrolled for a fifth year of instruction in the school in which the student was previously enrolled when it is necessary in order for the student to be able to complete state and any local graduation requirements, unless the District makes a finding that the student is reasonably able to complete the District's graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.

A student who chooses not to return to the school in which he or she was enrolled before taking parental leave is entitled to alternative education options offered by the District. A pregnant or parenting student who participates in an alternative education program shall be given educational programs, activities, and courses equal to those he or she would have been in if participating in the regular education program.

A student shall not incur an academic penalty as a result of his or her use of these accommodations. A complaint of noncompliance with these requirements by be filed with the District under its UCP.

Williams Complaint Procedures (Ed. Code § 35186; 5 C.C.R. §§ 4680, 4681)

Language Acquisition Programs (Ed. Code § 310; 5 C.C.R. § 11310)

The District offers the following language acquisition program(s) for English learners:

Structured English Immersion for English Learners program(s) and Dual Immersion at Santa Fe Elementary and West Putnam Elementary (English/Spanish).

Requesting a Language Acquisition Program:

Parents or guardians may choose a language acquisition program that best suits their child (EC Section 310). Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible. They provide instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards (20 U.S.C. Section 6312[e][3][A][iii][v]); EC Section 306[c]). We are required to offer, at a minimum, a Structured English Immersion (SEI) program option (EC Section 305[a][2]).

Structured English Immersion (SEI) Program: A language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for students who are learning English. At minimum, students are offered Designated ELD and provided access to grade level academic subject matter content with Integrated ELD.

We also offer the following language acquisition program:

Dual-Language Immersion (DLI) Program: A language acquisition program also referred to as Two-Way Immersion that provides language learning and academic instruction for native speakers of English and native speakers of another language with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding. This program begins in Transitional Kindergarten/Kindergarten (TK/K) and continues to sixth grade. This program is available at Santa Fe Elementary, West Putnam Elementary, and Pioneer Middle School.

Any language acquisition program provided by the District shall be designed using evidence-based research and include both Designated and Integrated English Language Development, and be allocated sufficient resources by the District to be effectively implemented, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent and community engagement to support the proposed program goals. Any language acquisition program provided by the District shall also, within a reasonable period of time, lead to grade-level proficiency in English, and, when the program model includes instruction in another language, proficiency in that other language; and achievement of the state-adopted academic content standards in English, and, when the program model includes instruction in another language, achievement of the state-adopted academic content standards in that other language.

Parents or legal guardians may choose a language acquisition program that best suits their child. When the parents or guardians of 30 or more students in a school, or 20 or more students in any grade level at a school, request a language acquisition program, the school must offer the language acquisition program to the extent possible once various requirements are met, such as the program having been established with parental, school employee, and community input.

When the parents or guardians of 30 or more students in a school, or 20 or more students in any grade level at a school, request the same or a substantially similar type of language acquisition program, the District shall respond by taking actions to comply with the timelines and requirements of 5 CCR 13111(h). Within 10 school days, the District will notify the parents of pupils attending the school, the school's teachers, administrators, and the District's English learner parent advisory committee and parent advisory committee, in writing, of the parents' requests for a language acquisition program. The District will identify costs and resources necessary to implement any new language acquisition program, including but not limited to certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent and community engagement to support the proposed program goals. Within 60 calendar days, the District will determine whether it is possible to implement the requested language acquisition program and provide notice, in writing, to parents and guardians attending the school, the school's teachers, and administrators, of its determination. In the case of an affirmative decision to implement a language acquisition program at the school, the District will create and publish a reasonable timeline of actions necessary to implement the language acquisition program. In the case where the District determines it is not possible to implement a language acquisition program requested by parents, the District shall provide in written form an explanation of the reason(s) the program cannot be provided and may offer an alternate option that can be implemented at the school.

Educational Rights of High Mobility High School Students (Ed. Code §§ 49069.5, 51225.1, 51225.2)

“High mobility” high school students, which include students who are in foster care, homeless, recent immigrants, migrant students, former juvenile court school pupils, or from military families, have the following rights when transferring to a new school after completion of their second year of high school:

- (1) Have the option to be exempted from all coursework and other requirements that are more than statewide course requirements for graduation, unless the District makes a finding that the student is reasonably able to complete the District's graduation requirements in time to graduate by the end of the fourth year of high school.
- (2) Have the option of attending a fifth year of high school in order to complete statewide graduation course requirements.
- (3) To consult with District staff and the student's educational rights holder regarding other options available to the student, including a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges. Such consultation must also include a discussion of how remaining for a fifth year of high school or accepting an exemption from the local graduation coursework requirements may potentially impact the student's vocational plans or ability to gain admission to college, and also take into consideration the student's academic record and any other information relevant to making an informed decision.
- (4) Foster youth and homeless students have the right to consult with District staff and their educational rights holder regarding the option to remain in their school of origin.

- (5) Have their official transcript, reflecting the correct full and partial credits earned, sent to their new school within two business days. For foster youth, their official transcript must include a determination of the days of enrollment or seat time, or both if applicable, to ensure that transferring foster youth get full credit for coursework completed at their prior school.
- (6) Have their new school accept and issue the credits forwarded by the transferring school to prevent the student from unnecessarily retaking a course.
- (7) If exempted from local graduation requirements, and upon completion of statewide coursework requirements before the end of the fourth year of high school, the District may not require or request that the student graduate before the end of the student's fourth year of high school.

Policy 4119.11: Sexual Harassment

Status: ADOPTED

Original Adopted Date: 09/27/2018 | **Last Revised Date:** 01/14/2021 | **Last Reviewed Date:** 01/14/2021

The following policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees and retaliatory behavior or action against any person who complains, testifies, or otherwise participates in the complaint process established for the purpose of this policy.

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to employees in accordance with law and administrative regulation
2. Publicizing and disseminating the district's sexual harassment policy to employees and others to whom the policy may apply
3. Ensuring prompt, thorough, fair, and equitable investigation of complaints
4. Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

Sexual Harassment Reports and Complaints

District employees who feel that they have been sexually harassed in the performance of their district responsibilities or who have knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to their direct supervisor, a district administrator, or the district's Title IX Coordinator. Employees may bypass their supervisor in filing a complaint if the supervisor is the subject of the complaint. A supervisor or administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaint Procedures or AR 4030 - Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee found to have engaged or participated in sexual harassment or to have aided, abetted, incited, compelled, or coerced another to commit sexual harassment in violation of this policy shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Policy 5145.3: Nondiscrimination/Harassment

Status: ADOPTED

Original Adopted Date: 09/27/2018 | **Last Reviewed Date:** 09/27/2018

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools.

Original Adopted Date: 09/27/2018 | **Last Reviewed Date:** 09/27/2018

The Governing Board encourages the enrollment and appropriate placement of all school-aged children in school. The Superintendent or designee shall inform parents/guardians of children seeking admission to a district school at any grade level about admission requirements and shall assist them with enrollment procedures.

The Superintendent or designee shall announce and publicize the timeline and process for registration of students at district schools. Applications for intradistrict or interdistrict enrollment shall be subject to the timelines specified in applicable Board policies and administrative regulations.

All appropriate staff shall receive training on district admission policies and procedures, including information regarding the types of documentation that can and cannot be requested.

The district's enrollment application shall include information about the health care options and enrollment assistance available to families within the district. The district shall not discriminate against any child for not having health care coverage and shall not use any information relating to a child's health care coverage or his/her interest in learning about health care coverage in any manner that would harm the child or his/her family. (Education Code 49452.9)

Verification of Admission Eligibility

Before enrolling any child in a district school, the Superintendent or designee shall verify the child's age, residency, immunization, and other applicable eligibility criteria specified in law, the accompanying administrative regulation, or other applicable Board policy or administrative regulation.

The district shall not inquire into or request documentation of a student's social security number or the last four digits of the social security number or the citizenship or immigration status of the student or his/her family members. (Education Code 234.7, 49076.7)

However, such information may be collected when required by state or federal law or to comply with requirements for special state or federal programs. In any such situation, the information shall be collected separately from the school enrollment process and the Superintendent or designee shall explain the limited purpose for which the information is collected. Enrollment in a district school shall not be denied on the basis of any such information of the student or his/her parents/guardians obtained by the district, or the student's or parent/guardian's refusal to provide such information to the district.

School registration information shall list all possible means of documenting a child's age for grades K-1 as authorized by Education Code 48002 or otherwise prescribed by the Board. Any alternative document allowed by the district shall be one that all persons can obtain regardless of immigration status, citizenship status, or national origin and shall not reveal information related to citizenship or immigrant status.

The Superintendent or designee shall immediately enroll a homeless student, foster youth, student who has had contact with the juvenile justice system, or a child of a military family regardless of outstanding fees or fines owed to the student's last school, lack of clothing normally required by the school, such as school uniforms, or his/her inability to produce previous academic, medical, or other records normally required for enrollment. (Education Code 48645.5, 48850, 48852.7, 48853.5, 49701; 42 USC 11432)

Policy 5111.1: District Residency

Status: ADOPTED

Original Adopted Date: 09/27/2018 | **Last Reviewed Date:** 09/27/2018

The Governing Board desires to admit all students who reside within district boundaries or who fulfill the district residency requirements through other means as allowed by law. The Superintendent or designee shall develop procedures to facilitate the receipt and verification of students' proof of residency.

The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the district, including, but not limited to, all options for meeting residency requirements for school attendance. (Education Code 48980)

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency upon admission to a district school. A copy of the document or written statement offered as verification of residency shall be maintained in the student's mandatory permanent record. (5 CCR 432)

When establishing students' residency for enrollment purposes, the Superintendent or designee shall not inquire into the citizenship or immigration status of students or their family members.

A student's enrollment may be denied when the submitted documentation is insufficient to establish district residency. In any such case, the Superintendent or designee shall notify the parent/guardian in writing, including specific reasons for the denial.

Investigation of Residency

When the Superintendent or designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets district residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency. (Education Code 48204.1, 48204.2)

The Superintendent or designee may assign a trained district employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the district. (Education Code 48204.2)

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view. (Education Code 48204.2)

Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation. (Education Code 48204.2)

Appeal of Enrollment Denial

If the Superintendent or designee, upon investigation, determines that a student does not meet district residency requirements and denies the student's enrollment in the district, he/she shall provide the student's parent/guardian an opportunity to appeal that determination. (Education Code 48204.2)

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the district's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the district's determination to deny enrollment should be overruled. (Education Code 48204.2)

A student who is currently enrolled in the district shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the district shall not be permitted to attend any district school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that district residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the district's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.

Enrollment Not Requiring District Residency

When approved by the Board and the appropriate agency, the district may enroll students from other countries who are in the United States on an F-1 visa or are participating in an international exchange program under the sponsorship of a government-approved agency.

The district may enroll a nonresident student living in an adjoining state or foreign country in accordance with Education Code 48050-48052.

District residency is not required for enrollment in a regional occupational center or program if there are openings in the program or class. (Education Code 52317)

Policy 5116.1: Intradistrict Open Enrollment

Status: ADOPTED

Original Adopted Date: 02/22/2018 | **Last Reviewed Date:** 02/22/2018

The Governing Board desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. (Education Code 35160.5)

The Board shall annually review this policy. (Education Code 35160.5, 48980)

Enrollment Priorities

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area. (Education Code 35160.5)

The Superintendent or designee shall grant priority to any district student to attend another district school, including a charter school, outside of his/her attendance area as follows:

1. Any student enrolled in a district school that has been identified on the state's Open Enrollment Act list (Education Code 48354)
2. Any student enrolled in a district school designated by the California Department of Education as "persistently dangerous" (20 USC 7912; 5 CCR 11992)
3. Any student who is a victim of a violent crime while on school grounds (20 USC 7912)

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for intradistrict open enrollment shall be submitted between March 15 and April 30 of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space. (Education Code 35160.5)

Except for priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school's capacity. (Education Code 35160.5)

Enrollment decisions shall not be based on a student's academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students. (Education Code 35160.5)

Transportation

Except as required for students who transferred out of a Title I program improvement school, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.

Policy 5117: Interdistrict Attendance

Status: ADOPTED

Original Adopted Date: 09/27/2018 | **Last Revised Date:** 04/25/2019 | **Last Reviewed Date:** 04/25/2019

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

Interdistrict Attendance Agreements and Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts. (Education Code 46600)

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed upon by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Transportation

The district shall not provide transportation beyond any school attendance area. Upon request of a student's parent/guardian, the Superintendent or designee may a and from designated bus stops within the attendance area of the school that the student attends if space is available.

Regulation 5117: Interdistrict Attendance

Status: ADOPTED

Original Adopted Date: 09/27/2018 | **Last Revised Date:** 04/25/2019 | **Last Reviewed Date:** 04/25/2019

Interdistrict Attendance Agreements and Permits

In accordance with an agreement between the Governing Board and the board of another district, a permit authorizing a student of either district to enroll in the other district may be issued upon approval of both districts.

The district shall post on its web site the procedures and timelines for requesting an interdistrict transfer permit, including a link to BP 5117 - Interdistrict Attendance. The posted information shall include, but is not limited to: (Education Code 46600.1, 46600.2)

1. The date upon which the district will begin accepting and processing interdistrict transfer requests for the following school year
2. The reasons for which the district may approve or deny a request, and any information or documents that must be submitted as supporting evidence
3. If applicable, the process and timelines by which a denial of a request may be appealed within the district before the district renders a final decision
4. A statement that failure of a parent/guardian to meet any timelines established by the district shall be deemed an abandonment of the request
5. Applicable timelines for processing a request, including the following statements:
 - a. For an interdistrict transfer request received by the district 15 or fewer calendar days before the commencement of instruction in the school year for which the transfer is sought, the district will notify the parent/guardian of its final decision within 30 calendar days from the date the request was received.
 - b. For an interdistrict transfer request received by the district more than 15 days before the commencement of instruction in the school year for which the interdistrict transfer is sought, the district will notify the parent/guardian of its final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction in the school year for which transfer is sought.
6. The conditions under which an existing interdistrict transfer permit may be revoked or rescinded

Priority for interdistrict attendance shall be given to a student who has been determined by staff of either the district of residence or district of proposed attendance enrollment to be a victim of an act of bullying, as defined in Education Code 48900(r), committed by a student of the district of residence. Such a student shall be given priority for interdistrict attendance under any existing interdistrict attendance agreement or, in the absence of an agreement, shall be given consideration for the creation of a new permit. (Education Code 46600)

The Superintendent or designee may deny initial requests for interdistrict attendance permits due to limited district resources, overcrowding of school facilities at the relevant grade level, or other considerations that are not arbitrary. However, once a student is admitted, the district shall not deny continued attendance because of overcrowded facilities at the relevant grade level.

If the transfer request is for a school year that begins within 15 calendar days of the receipt of the request, the Superintendent or designee shall notify the parent/guardian of the final decision within 30 calendar days of receiving the request. If the transfer request is for a school year that begins more than 15 calendar days after the receipt of the request, the parent/guardian shall be notified of the final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction during that school year. (Education Code 46600.2)

If a student's interdistrict transfer request is denied, the Superintendent or designee shall, in writing, notify the parents/guardians of their right to appeal to the County Board of Education within 30 calendar days from the date of the final denial. (Education Code 46600.2)

All notices to parents/guardians regarding the district's decision on any request for interdistrict transfer shall conform to the translation requirements of Education Code 48985, and may be provided by regular mail, electronic format if the parent/guardian provides an email address, or by any other method normally used to communicate with parents/guardians in writing. (Education Code 46600.2)

Pending a decision by the two districts or by the County Board on appeal, the Superintendent or designee may provisionally admit a student who resides in another district for a period not to exceed two school months, provided

the district is the district of proposed enrollment. If the decision has not been rendered by the conclusion of two school months and the districts or County Board is still operating within the prescribed timelines, the student shall not be allowed to continue attending the district school to which the student was provisionally admitted. (Education Code 46603)

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or rescissions while expulsion proceedings are pending or during the term of the expulsion. (Education Code 46601)

Once a student is admitted to a school on the basis of an interdistrict attendance permit, the student shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school of enrollment, unless reapplication standards are otherwise specified in the interdistrict attendance agreement. Existing interdistrict attendance permits shall not be rescinded after June 30 following a student's completion of grade 10 or for any students entering grade 11 or 12 in the subsequent school year. (Education Code 46600)

Even if the district withdraws from participation in the program, students who attended or received a notice of acceptance into the district before the Board's resolution of withdrawal shall be permitted to attend school in the district, and admitted high school students may continue attending school in the district until they graduate from high school. (Education Code 48307, 48308)

The district may accept any completed coursework, attendance, and other academic progress credited to an accepted student by any district(s) the student has previously attended and may grant academic standing to the student based upon the district's evaluation of the student's academic progress. (Education Code 48309)

The district may revoke a student's enrollment if the student is recommended for expulsion pursuant to Education Code 48918. (Education Code 48309)

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process for resolving a complaint in a manner that is acceptable to all parties. An ADR process such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. For any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep the identity of the complainant, and/or the subject of the complaint if different from the complainant, confidential when appropriate and as long as the integrity of the complaint process is maintained.

When an allegation that is not subject to UCP is included in a UCP complaint, the district shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the district's UCP.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and requirements related to UCP, including the steps and timelines specified in this policy and the accompanying administrative regulation.

The Superintendent or designee shall maintain a record of each complaint and subsequent related actions, including steps taken during the investigation and all information required for compliance with 5 CCR 4631 and 4633.

Non-UCP Complaints

The following complaints shall not be subject to the district's UCP but shall be referred to the specified agency: (5 CCR 4611)

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services Protective Services Division and the appropriate law enforcement agency.
2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services and shall, for licensing-exempt facilities, be referred to the appropriate Child Development regional administrator.

Except as the Governing Board may otherwise specifically provide in other district policies, these uniform complaint procedures (UCP) shall be used to investigate and resolve only the complaints specified in the accompanying Board policy.

Compliance Officers

The district designates the individual(s), position(s), or unit(s) identified below as responsible for coordinating the district's response to complaints and for complying with state and federal civil rights laws. The individual(s), position(s), or unit(s) also serve as the compliance officer(s) specified in AR 5145.3 - Nondiscrimination/Harassment responsible for handling complaints regarding unlawful discrimination, harassment, intimidation, or bullying and in AR 5145.7 - Sexual Harassment for handling complaints regarding sexual harassment. The compliance officer(s) shall receive and coordinate the investigation of complaints and shall ensure district compliance with law.

Assistant Superintendent, Business Services
Porterville Unified School District
600 West Grand Avenue
Porterville, CA 93257
559-793-2460

The compliance officer who receives a complaint may assign another compliance officer to investigate and resolve the complaint. The compliance officer shall promptly notify the complainant and respondent if another compliance officer is assigned to the complaint.

In no instance shall a compliance officer be assigned to a complaint in which the compliance officer has a bias or conflict of interest that would prohibit the fair investigation or resolution of the complaint. Any complaint against a compliance officer or that raises a concern about the compliance officer's ability to investigate the complaint fairly and without bias shall be filed with the Superintendent or designee who shall determine how the complaint will be investigated.

The Superintendent or designee shall ensure that employees assigned to investigate and resolve complaints receive training and are knowledgeable about the laws and programs at issue in the complaints to which they are assigned. Training provided to such employees shall cover current state and federal laws and regulations governing the program; applicable processes for investigating and resolving complaints, including those alleging unlawful discrimination, harassment, intimidation, or bullying; applicable standards for reaching decisions on complaints; and appropriate corrective measures. Assigned employees may have access to legal counsel as determined by the Superintendent or designee.

The compliance officer or, if necessary, an appropriate administrator shall determine whether interim measures are necessary during an investigation and while the result is pending. If interim measures are determined to be necessary, the compliance officer or the administrator shall consult with the Superintendent, the Superintendent's designee, or, if appropriate, the site principal to implement one or more interim measures. The interim measures shall remain in place until the compliance officer determines that they are no longer necessary or until the district issues its final written decision, whichever occurs first.

(5 CCR 4622)

The notice shall include:

3. A statement that a UCP complaint, except a complaint alleging unlawful discrimination, harassment, intimidation, or bullying, must be filed no later than one year from the date the alleged violation occurred
4. A statement that a UCP complaint alleging unlawful discrimination, harassment, intimidation, or bullying must be filed no later than six months from the date of the alleged conduct or the date the complainant first obtained knowledge of the facts of the alleged conduct

9. A statement that, for programs within the scope of the UCP as specified in the accompanying Board policy, the complainant has a right to appeal the district's investigation report to the California Department of Education (CDE) by filing a written appeal, including a copy of the original complaint and the district's decision, within 30 calendar days of receiving the district's decision
10. A statement advising the complainant of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal laws prohibiting discrimination, harassment, intimidation, or bullying, if applicable

The annual notification, complete contact information of the compliance officer(s), and information related to Title IX as required pursuant to Education Code 221.61 shall be posted on the district web site and may be provided through district-supported social media, if available.

The Superintendent or designee shall ensure that all students and parents/guardians, including students and parents/guardians with limited English proficiency, have access to the relevant information provided in the district's policy, regulation, forms, and notices concerning the UCP.

If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's UCP policy, regulation, forms, and notices shall be translated into that language, in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant UCP information for parents/guardians with limited English proficiency.

Filing of Complaints

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist in the filing of the complaint. (5 CCR 4600)

Complaints shall also be filed in accordance with the following rules, as applicable:

1. A complaint alleging district violation of applicable state or federal law or regulations governing the programs specified in the accompanying Board policy may be filed by any individual, public agency, or organization. (5 CCR 4630)
2. Any complaint alleging noncompliance with law regarding the prohibition against student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence,

or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee.

3. A UCP complaint, except for a UCP complaint alleging unlawful discrimination, harassment, intimidation, or bullying, shall be filed no later than one year from the date the alleged violation occurred. For complaints related to the LCAP, the date of the alleged violation is the date when the County Superintendent of Schools approves the LCAP that was adopted by the Board. (5 CCR 4630)
4. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying may be filed only by a person who alleges having personally suffered unlawful discrimination, a person who believes that any specific class of individuals has been subjected to unlawful discrimination, or a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. (5 CCR 4630)
5. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying shall be initiated no later than six months from the date that the alleged unlawful discrimination occurred, or six months from the date that the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)
6. When a complaint alleging unlawful discrimination, harassment, intimidation, or bullying is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
7. When a complainant of unlawful discrimination, harassment, intimidation, or bullying or the alleged victim, when not the complainant, requests confidentiality, the compliance officer shall inform the complainant or victim that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

Mediation

Within three business days after receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation to resolve the complaint. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination, harassment, intimidation, or bullying, the compliance officer shall ensure that all parties agree to permit the mediator access to all relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with an investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed upon through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

Investigation of Complaint

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or the complainant's representative with the opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all

available witnesses

with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform the parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination, harassment, intimidation, or bullying, the compliance officer shall interview the alleged victim(s), any alleged offender(s), and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

Refusal by the district to provide the investigator with access to records and/or information related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

Timeline for Investigation Report

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written investigation report, as described in the section "Investigation Report" below, within 60 calendar days of the district's receipt of the complaint. (5 CCR 4631)

For any complaint alleging unlawful discrimination, harassment, intimidation, and bullying the respondent shall be informed of any extension of the timeline agreed to by the complainant. The respondent also shall be sent the investigation report at the same time it is provided to the complainant.

Investigation Report

For all complaints, the district's investigation report shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered
2. A conclusion providing a clear determination for each allegation as to whether the district is in compliance with the relevant law
3. Corrective action(s) whenever the district finds merit in the complaint, including, when required by law, a remedy to all affected students and parents/guardians and, for a student fees complaint, a remedy that complies with Education Code 49013 and 5 CCR 4600
4. Notice of the complainant's right to appeal the district's investigation report to CDE, except when the district has used the UCP to address a complaint not specified in 5 CCR 4610
5. Procedures to be followed for initiating an appeal to CDE

The investigation report may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

In consultation with district legal counsel, information about the relevant part of an investigation report may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the investigation report or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination, harassment, intimidation, and bullying, notice of the investigation report to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient student or parent/guardian then the district's response, if requested by the complainant, and the investigation report shall be written in English and the primary language in which the complaint was filed.

For complaints alleging unlawful discrimination, harassment, intimidation, and bullying-based on state law, the investigation report shall also include a notice to the complainant that:

1. The complainant may pursue available civil law remedies outside of the district's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with CDE. (Education Code 262.3)

2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code 262.3)
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr(<https://simbli.eboardsolutions.com/SU/inCowwfeplum1Ykni4SiBSOg==>) within 180 days of the alleged discrimination.

Corrective Actions

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination, harassment, intimidation, or bullying, appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

1. Counseling
2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus
5. Information regarding available resources and how to report similar incidents or retaliation
6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation

For complaints of retaliation or unlawful discrimination, harassment, intimidation, or bullying involving a student as the respondent, appropriate corrective actions that may be provided to the student include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or cocurricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension or expulsion, as permitted by law

When an employee is found to have committed retaliation or unlawful discrimination, harassment, intimidation, or bullying, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination, harassment, intimidation, or bullying, that the district does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

However, if a complaint alleging noncompliance with the law regarding student fees, deposits, and other charges, physical education instructional minutes, courses without educational content, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (Education Code 49013, 51222, 51223, 51228.3, 52075)

For complaints alleging noncompliance with the laws regarding student fees, the district, by engaging in reasonable efforts, shall attempt in good faith to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. (Education Code 49013; 5 CCR 4600)

Appeals to the California Department of Education

Any complainant who is dissatisfied with the district's investigation report on a complaint regarding any specified federal or state educational program subject to UCP may file an appeal in writing with CDE within 30 calendar days of receiving the district's investigation report. (5 CCR 4632)

The appeal shall be sent to CDE with a copy of the original locally filed complaint and a copy of the district's investigation report for that complaint. The complainant shall specify and explain the basis for the appeal, including at least one of the following: (5 CCR 4632)

3. The material findings of fact in the district's investigation report are not supported by substantial evidence.
4. The legal conclusion in the district's investigation report is inconsistent with the law.
5. In a case in which the district found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by CDE that the district's investigation report has been appealed, the Superintendent or designee shall forward the following documents to CDE within 10 days of the date of notification: (5 CCR 4633)

1. A copy of the original complaint

3. A copy of the investigation file including, but not limited to, all notes, interviews, and documents submitted by the parties and gathered by the investigator
4. A report of any action taken to resolve the complaint
5. A copy of the district's UCP
6. Other relevant information requested by CDE

If notified by CDE that the district's investigation report failed to address allegation(s) raised by the complaint, the district shall, within 20 days of the notification, provide CDE and the appellant with an amended investigation report that addresses the allegation(s) that were not addressed in the original investigation report. The amended report shall also inform the appellant of the right to separately appeal the amended report with respect to the allegation(s) that were not addressed in the original report. (5 CCR 4632)

(Education Code 8235.5; 5 CCR 4690)

If it is determined that the complaint is beyond the authority of the preschool program administrator, the matter shall be forwarded to the Superintendent or designee in a timely manner, not to exceed 10 working days, for resolution. The preschool administrator or the Superintendent or designee shall make all reasonable efforts to investigate any complaint within their authority. (Education Code 8235.5; 5 CCR 4692)

If the complainant has indicated on the complaint form a desire to receive a response to the complaint, the preschool administrator or Superintendent's designee shall, within 45 working days of the initial filing of the complaint, report the resolution of the complaint to the complainant and CDE's assigned field consultant. If the preschool administrator makes this report, the information shall be reported at the same time to the Superintendent or designee. (Education Code 8235.5; 5 CCR 4692)

If a complaint regarding health or safety issues in a license-exempt CSPP program involves a limited-English-proficient student or parent/guardian, then the district's response, if requested by the complainant, and the investigation report shall be written in English and the primary language in which the complaint was filed.

If a complainant is not satisfied with the resolution of a complaint, the complainant has the right to describe the complaint to the Board at a regularly scheduled meeting and, within 30 days of the date of the written report, may file a written appeal of the district's decision to the Superintendent of Public Instruction in accordance with 5 CCR 4632.  - c. Textbooks or instructional materials are in poor or unusable condition, have missing pages, or are unreadable due to damage.
 - d. A student was provided photocopied sheets from only a portion of a textbook or instructional materials to address a shortage of textbooks or instructional materials.

Beginning of the year or semester means the first day classes necessary to serve all the students enrolled are established with a single designated certificated employee assigned for the duration of the class, but not later than 20 working days after the first day students attend classes for that semester. (5 CCR 4600)

Misassignment means the placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold. (Education Code 35186; 5 CCR 4600)

Emergency or urgent threat means structures or systems that are in a condition that poses a threat to the health and safety of students or staff while at school, including, but not limited to, gas leaks; nonfunctioning heating, ventilation, fire sprinklers, or air-conditioning systems; electrical power failure; major sewer line stoppage; major pest or vermin infestation; broken windows or exterior doors or gates that will not lock and that pose a security risk; abatement of hazardous materials previously undiscovered that pose an immediate threat to students or staff; structural damage creating a hazardous or uninhabitable condition; or any other condition deemed appropriate. This does not apply when the temporary closing of the restroom is necessary for student safety or to make repairs. (Education Code 35292.5)

In any district school serving any of grades 6-12 in which 40 percent or more of the students in the school or school attendance area are from low-income families, as defined in 20 USC 6314, a complaint may be filed alleging noncompliance with the requirement of Education Code 35292.6 to stock, at all times, at least half of the restrooms in the school with feminine hygiene products and to not charge students for the use of such products.

The Superintendent or designee shall ensure that the district's complaint form specifies the location for filing a complaint and contains a space to indicate whether the complainant desires a response to the complaint. A complainant may add as much text to explain the complaint as desired. (Education Code 8235.5, 35186; 5 CCR 4680)

The Superintendent or designee shall post in each K-12 classroom in each school a notice containing the components specified in Education Code 35186. In each license-exempt CSPP classroom, a notice containing the components specified in Education Code 8235.5 shall be posted. (Education Code 8235.5, 35186)

If the complainant has indicated on the complaint form a desire to receive a response to the complaint, the principal/preschool administrator or Superintendent's designee shall report the resolution of the complaint to the complainant within 45 working days of the initial filing of the complaint. If the principal/preschool administrator makes this report, the information shall be reported at the same time to the Superintendent or designee. (Education Code 8235.5, 35186; 5 CCR 4680, 4685)

When Education Code 48985 is applicable and the complainant has requested a response, the response shall be written in English and in the primary language in which the complaint was filed. (Education Code 8235.5, 35186)

If a complainant is not satisfied with the resolution of a complaint, the complainant has the right to describe the complaint to the Governing Board at a regularly scheduled meeting. (Education Code 8235.5, 35186; 5 CCR 4686)

For any complaint concerning a facilities condition that poses an emergency or urgent threat to the health or safety of students or staff as described in item #3a or #4 in the section "Types of Complaints" above, a complainant who is not satisfied with the resolution proffered by the principal/preschool administrator or Superintendent or designee may file an appeal to the Superintendent of Public Instruction within 15 days of receiving the district's response. Regulation 5125: Student Records

Status: ADOPTED

Original Adopted Date: 09/27/2018 | **Last Reviewed Date:** 09/27/2018

Definitions

Student means any individual who is or has been in attendance at the district and regarding whom the district maintains student records. (34 CFR 99.3)

Attendance includes, but is not limited to, attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunication technologies for students who are not physically present in the classroom, and the period during which a person is working under a work-study program. (34 CFR 99.3)

Student records are any items of information (in handwriting, print, tape, film, computer, or other medium) gathered within or outside the district that are directly related to an identifiable student and maintained by the district, required to be maintained by an employee in the performance of his/her duties, or maintained by a party acting for the district. Any information maintained for the purpose of second-party review is considered a student record. Student records include the student's health record. (Education Code 49061, 49062; 5 CCR 430; 34 CFR 99.3)

Student records do not include: (Education Code 49061, 49062; 5 CCR 430; 34 CFR 99.3)

1. Directory information
2. Informal notes compiled by a school officer or employee which remain in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a substitute employee
3. Records of the law enforcement unit of the district, subject to 34 CFR 99.8
4. Records created or received by the district after an individual is no longer a student and that are not directly related to the individual's attendance as a student
5. Grades on peer-graded papers before they are collected and recorded by a teacher

Mandatory permanent student records are those records which are maintained in perpetuity and which schools have been directed to compile by state law, regulation, or administrative directive. (5 CCR 430)

Mandatory interim student records are those records which the schools are directed to compile and maintain for specified periods of time and are then destroyed in accordance with state law, regulation, or administrative directive. (5 CCR 430)

Permitted student records are those records having clear importance only to the current educational process of the student. (5 CCR 430)

Disclosure means to permit access to, or the release, transfer, or other communication of, personally identifiable information contained in student records to any party, except the party that provided or created the record, by any means including oral, written, or electronic. (34 CFR 99.3)

Access means a personal inspection and review of a record or an accurate copy of a record, or receipt of an accurate copy of a record or an oral description or communication of a record, and a request to release a copy of any record. (Education Code 49061)

Personally identifiable information includes, but is not limited to: (34 CFR 99.3)

1. The student's name
2. The name of the student's parent/guardian or other family members
3. The address of the student or student's family
4. A personal identifier, such as the student's social security number, student number, or biometric record (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting)

5. Other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name
6. Other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty
7. Information requested by a person who the district reasonably believes knows the identity of the student to whom the student record relates

Adult student is a person who is or was enrolled in school and who is at least 18 years of age. (5 CCR 430)

Parent/guardian means a natural parent, an adopted parent, legal guardian, surrogate parent, or foster parent. (Education Code 49061, 56050, 56055)

Legitimate educational interest is an interest held by any school official, employee, contractor, or consultant whose duties, responsibilities, or contractual obligations to the district, whether routine or as a result of special circumstances, require him/her to have access to student records.

School officials and employees are officials or employees whose duties and responsibilities to the district, whether routine or as a result of special circumstances, require that they have access to student records.

Contractor or consultant is anyone with a formal written agreement or contract with the district regarding the provision of services or functions outsourced to him/her by the district. Contractor or consultant shall not include a volunteer or other party. (Education Code 49076)

Unless the annual parent/guardian notification issued pursuant to Education Code 48980 includes a statement that the district may disclose students' personally identifiable information to officials of another school, school system, or postsecondary institution where the student seeks or intends to enroll, the Superintendent or designee shall, when such a disclosure is made, make a reasonable attempt to notify the parent/guardian or adult student at his/her last known address, provide a copy of the record that is disclosed, and give the parent/guardian or adult student an opportunity for a hearing to challenge the record. (34 CFR 99.34)

6. The Student Aid Commission, to provide the grade point average (GPA) of all district students in grade 12 and, when requested, verification of high school graduation or its equivalent of all students who graduated in the prior academic year, for use in the Cal Grant postsecondary financial aid program. However, such information shall not be submitted when students opt out or are permitted by the rules of the Student Aid Commission to provide test scores in lieu of the GPA. (Education Code 69432.9, 69432.92)

No later than October 15 each year, the Superintendent or designee shall notify each student in grade 12, and his/her parents/guardians if the student is under age 18 years, that the student's GPA will be forwarded to the Student Aid Commission unless he/she opts out within a period of time specified in the notice, which shall not be less than 30 days. (Education Code 69432.9)

Students' social security numbers shall not be included in the submitted information unless the Student Aid Commission deems it necessary to complete the financial aid application and the Superintendent or designee obtains permission from the student's parent/guardian, or from the adult student, to submit the social security number. (Education Code 69432.9)

Unless otherwise instructed by the court, the Superintendent or designee shall, prior to disclosing a record pursuant to a court order or subpoena, give the parent/guardian or adult student at least three days' notice of the name of the requesting agency and the specific record requested, if lawfully possible within the requirements of the judicial order. (Education Code 49077; 5 CCR 435; 34 CFR 99.31)

When disclosing records for these purposes, the Superintendent or designee shall obtain written certification from the recipient of the records that the information will not be disclosed to another party without prior written consent of the student's parent/guardian or the holder of the student's educational rights, unless specifically authorized by state or federal law. (Education Code 49076)

13. Any judge or probation officer for the purpose of conducting a truancy mediation program for a student or for the purpose of presenting evidence in a truancy petition pursuant to Welfare and Institutions Code 681 (Education Code 49076)

18. Appropriate law enforcement authorities, in circumstances where Education Code 48902 requires that the district provide special education and disciplinary records of a student with disabilities who is suspended or expelled for committing an act violating Penal Code 245 (Education Code 48902, 49076)

When disclosing such records, the Superintendent or designee shall obtain written certification by the recipient of the records as described in item #12 above. (Education Code 49076)

19. Designated peace officers or law enforcement agencies in cases where the district is authorized by law to assist law enforcement in investigations of suspected criminal conduct or kidnapping and a written parental consent, lawfully issued subpoena, or court order is submitted to the district, or information is provided to it indicating that an emergency exists in which the student's information is necessary to protect the health or safety of the student or other individuals (Education Code 49076.5; 34 CFR 99.1-99.67)

In such cases, the Superintendent or designee shall provide information about the identity and location of the student as it relates to the transfer of that student's records to another public school district or California private school. (Education Code 49076.5)

When disclosing records for the above purposes, the Superintendent or designee shall obtain the necessary documentation to verify that the person, agency, or organization is a person, agency, or organization that is permitted to receive such records.

Any person, agency, or organization granted access is prohibited from releasing information to another person, agency, or organization without written permission from the parent/guardian or adult student unless specifically allowed by state law or the federal Family Educational Rights and Privacy Act. (Education Code 49076)

The written consent shall specify the records to be released and the party or parties to whom they may be released. (Education Code 49075)

Only a parent/guardian having legal custody of the student may consent to the release of records to others. Either parent/guardian may grant consent if both parents/guardians notify the district, in writing, that such an agreement has been made. (Education Code 49061)

Discretionary Access

At his/her discretion, the Superintendent or designee may release information from a student's records to the following:

1. Appropriate persons, including parents/guardians of a student, in an emergency if the health and safety of the student or other persons are at stake (Education Code 49076; 34 CFR 99.31, 99.32, 99.36)

When releasing information to any such appropriate person, the Superintendent or designee shall record information about the threat to the health or safety of the student or any other person that formed the basis for the disclosure and the person(s) to whom the disclosure was made. (Education Code 49076; 34 CFR 99.32)

Unless it would further endanger the health or safety of the student or other persons, the Superintendent or designee shall inform the parent/guardian or adult student within one week of the disclosure that the disclosure was made, of the articulable and significant threat to the health or safety of the student or other individuals that formed the basis for the disclosure, and of the parties to whom the disclosure was made.

2. Accrediting associations (Education Code 49076; 34 CFR 99.31)
3. Under the conditions specified in Education Code 49076 and 34 CFR 99.31, organizations conducting studies on behalf of educational institutions or agencies for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction, provided that: (Education Code 49076; 34 CFR 99.31)
 - a. The study is conducted in a manner that does not permit personal identification of parents/guardians and students by individuals other than representatives of the organization who have legitimate interests in the information.
 - b. The information is destroyed when no longer needed for the purposes for which the study is conducted.
 - c. The district enters into a written agreement with the organization that complies with 34 CFR 99.31.
4. Officials and employees of private schools or school systems where the student is enrolled or intends to enroll, subject to the rights of parents/guardians as provided in Education Code 49068 and in compliance with 34 CFR 99.34 (Education Code 49076; 34 CFR 99.31, 99.34)

6. Contractors and consultants having a legitimate educational interest based on services or functions which have been outsourced to them through a formal written agreement or contract by the district, excluding volunteers or other parties (Education Code 49076)
7. Agencies or organizations in connection with the student's application for or receipt of financial aid, provided that information permitting the personal identification of a student or his/her parents/guardians for these purposes is disclosed only as may be necessary to determine the eligibility of the student for financial aid, determine the amount of financial aid, determine the conditions which will be imposed regarding the financial aid, or enforce the terms or conditions of the financial aid (Education Code 49076; 34 CFR 99.31, 99.36)
8. County elections officials for the purpose of identifying students eligible to register to vote or offering such students an opportunity to register, subject to the provisions of 34 CFR 99.37 and under the condition that any information provided on this basis shall not be used for any other purpose or transferred to any other person or agency (Education Code 49076; 34 CFR 99.31, 99.37)

When disclosing records for the above purposes, the Superintendent or designee shall obtain the necessary documentation to verify that the person, agency, or organization is a person, agency, or organization that is permitted to receive such records.

De-identification of Records

When authorized by law for any program audit, educational research, or other purposes, the Superintendent or

designee may release information from a student record without prior consent of the parent/guardian or adult student after the removal of all personally identifiable information. Prior to releasing such information, the Superintendent or designee shall make a reasonable determination that the student's identity is not personally identifiable, whether through single or multiple releases and taking into account other reasonably available information. (Education Code 49074, 49076; 34 CFR 99.31)

Process for Providing Access to Records

Student records shall be maintained in a central file at the school attended by the student or, when records are maintained at different locations, a notation shall be placed in the central file indicating where other records may be found. Parents/guardians shall be notified of the location of student records if not centrally located. (Education Code 49069; 5 CCR 433)

The custodian of records shall be responsible for the security of student records and shall ensure that access is limited to authorized persons. (5 CCR 433)

The custodian of records shall develop reasonable methods, including physical, technological, and administrative controls, to ensure that school officials and employees obtain access to only those student records in which they have legitimate educational interests. (34 CFR 99.31)

To inspect, review, or obtain copies of student records, authorized persons shall submit a request to the custodian of records. Prior to granting the request, the custodian of records shall authenticate the individual's identity. For any individual granted access based on a legitimate educational interest, the request shall specify the interest involved.

When required by law, the parent/guardian shall provide written, signed, and dated consent before the district discloses the student record. Such consent may be given through electronic means in those cases where it can be authenticated. The district's consent form shall specify the records that may be disclosed, state the purpose of the disclosure, and identify the party or class of parties to whom the disclosure may be made. Upon request by the parent/guardian, the district shall provide him/her a copy of the records disclosed. (34 CFR 99.30)

If the parent/guardian refuses to provide written consent for the release of student information, the Superintendent or designee shall not release the information, unless it is otherwise subject to release based on a court order or a lawful subpoena.

Within five business days following the date of request, a parent/guardian or other authorized person shall be granted access to inspect, review, and obtain copies of student records during regular school hours. (Education Code 49069)

Qualified certificated personnel shall be available to interpret records when requested. (Education Code 49069)

The custodian of records or the Superintendent or designee shall prevent the alteration, damage, or loss of records during inspection. (5 CCR 435)

Access Log

A log shall be maintained for each student's record which lists all persons, agencies, or organizations requesting or receiving information from the records and the legitimate educational interest of the requester. (Education Code 49064)

In every instance of inspection by persons who do not have assigned educational responsibility, the custodian of records shall make an entry in the log indicating the record inspected, the name of the person granted access, the reason access was granted, and the time and circumstances of inspection. (5 CCR 435)

The custodian of records shall also make an entry in the log regarding any request for records that was denied and the reason for the denial.

The log shall include requests for access to records by:

1. Parents/guardians or adult students
2. Students who are 16 years of age or older or who have completed the 10th grade

6. Law enforcement personnel seeking to enforce immigration laws

The log shall be accessible only to the parent/guardian, adult student, dependent adult student, student who is age 16 years or older or who has completed the 10th grade, custodian of records, and certain state or federal officials. (Education Code 49064; 5 CCR 432)

Duplication of Student Records

To provide copies of any student record, the district shall charge a reasonable fee not to exceed the actual cost of providing the copies. No charge shall be made for providing up to two transcripts or up to two verifications of various records for any former student. No charge shall be made to locate or retrieve any student record. (Education Code 49065)

Changes to Student Records

Only a parent/guardian having legal custody of a student or an adult student may challenge the content of a record or offer a written response to a record. (Education Code 49061)

No additions except routine updating shall be made to a student's record after high school graduation or permanent departure without prior consent of the parent/guardian or adult student. (5 CCR 437)

A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed with proper documentation. However, at the written request of a student or, if appropriate, his/her parents/guardians, the district shall use the student's preferred name and pronouns consistent with his/her gender identity on all other district-related documents.

Retention and Destruction of Student Records

(Education Code 49068; 5 CCR 438)

When a student transfers into this district from another district, the Superintendent or designee shall request that the student's previous district provide any records, either maintained by that district in the ordinary course of business or received from a law enforcement agency, regarding acts committed by the transferring student that resulted in his/her suspension or expulsion. (Education Code 48201)

When a student transfers from this district to another school district or to a private school, the Superintendent or designee shall forward a copy of the student's mandatory permanent record within 10 school days of the district's receipt of the request for the student's records. The original record or a copy shall be retained permanently by this district. If the transfer is to another California public school, the student's entire mandatory interim record shall also be forwarded. If the transfer is out of state or to a private school, the mandatory interim record may be forwarded. Permitted student records may be forwarded to any other district or private school. All student records shall be updated before they are transferred. (5 CCR 438)

Student records shall not be withheld from the requesting district because of any charges or fees owed by the student or parent/guardian. (5 CCR 438)

If the district is withholding grades, diploma, or transcripts from the student because of his/her damage or loss of school property, this information shall be sent to the requesting district along with the student's records.

Notification of Parents/Guardians

Upon any student's initial enrollment, and at the beginning of each school year thereafter, the Superintendent or designee shall notify parents/guardians and eligible students, in writing, of their rights related to student records.
