Our Vision

PUSD students will have the skills and knowledge to be prepared for college and career and to make a positive impact in a dynamic global society.

Our Mission

The mission of PUSD is to provide students a dynamic, engaging and effective educational experience that prepares them with the skills to be productive citizens in a global society.

Expected Graduate Outcomes

As a result, all students will develop and demonstrate:

- Critical thinking and problem solving skills
- Cultural awareness and the ability to collaborate with diverse groups
- Technical skills in digital media applications and information management
- Effective communication skills of listening, speaking and writing
- Creativity and innovation
- Leadership, self-management and organizational skills obtained through real world applications and community involvement
- Adaptability, responsibility and ethical behaviors
- The ability to navigate the global world of work and further their education

Community & School Profile

Porterville, lying along the foothills of the Sierras, is located on State Highway 65, 165 miles north of Los Angeles, and 171 miles east of the Pacific Coast. Centrally located to major markets, the city has strategic access to major transportation routes. Porterville Unified School District serves more than 13,000 students throughout the community, as well as the town of Strathmore. The district is comprised of ten elementary schools, three middle schools, four comprehensive high schools, one magnet academy, one continuation high school, and two alternative sites.

Aligned with the new California State Standards, curriculum is based on improving literacy, writing skills, and mathematical skills and practices with a focus on district graduate outcomes. We value our diverse student population, promoting a climate of tolerance and acceptance among students and faculty.

At the end of the 2015-16 school year, 448 students were enrolled at the school.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Porterville Unified School District held a Public Hearing on September 10, 2015 and determined that each school has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. The chart below displays data collected in August 2015, regarding textbooks in use during the 2015-16 school year.

School Facility Conditions and Planned Improvements (Most Recent Year)

Belleview Elementary School was originally constructed in the early 1920's and has since undergone complete modernization. In the summer of 2009, the cafeteria and students restrooms were remodeled, and the covered walkways were built for hallways. A new two-story building containing 11 new classrooms was completed Spring 2016. The campus is currently comprised of 17 classrooms total, a library/resource room, a cafeteria, two playgrounds (a kindergarten playground and a main yard), and the main office which includes a staff room. The chart displays the results of the most recent school facilities inspection, provided by the district in July 24, 2013.

Cleaning Process

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by the school's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Socioeconomically Disadvantaged	54	51	94.4	17.7			

Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

English Learners	3	22	21	95.5	33.3
	4	14	13	92.9	7.7

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the

total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parent participation plays an integral role in student success. Parents are encouraged to become cleared volunteers so they may help in classrooms, with school activities, and attend field trips. Belleview Elementary School has an active School Site Council (SSC) and English Learner Advisory Committee (ELAC). Parents also play an active role in supporting the school site by participating in fundraising and special events.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is a primary concern of Belleview Elementary School. Our campus is fully enclosed by a fence with locked gates. Classified staff supervise students on campus before and after school and during lunchtime. Teachers supervise students during morning recess, after school, and during transition periods throughout the day. Administrators provide ongoing supervision of students throughout the campus. When providing student supervision, staff wear a neon green PUSD Safety Patrol vest for easy identification and location. PUSD employees wear their district identification badge at all times. All visitors must sign in at the office and receive proper authorization to be on campus as well as a visitor's badge to wear. For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. Appointments are made with the school secretary.

The School Site Safety Plan is in a noted binder on the wall by the door in each room on campus. Key elements of the plan focus on emergency preparedness. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Emergency drills are held on a regular basis; fire drills, earthquake drills, and secure campus drills.

Professional Development provided for Teachers

The district has employed West Ed to provide professional training of the new California State Standards in English Language Arts/English Language Development as well as the Teaching and Learning Cycle to every certificated teacher and administrator. Each site, including Belleview Elementary, has an Instructional Coach to work with staff and students to support implementation of the West Ed training and to support implementation of the new California State Standards and improve our instructional practice.

Teachers receive additional support through administrative walk-throughs and feedback, in-class coaching, teacher-principal meetings, site grade-level collaboration, district grade-level meetings, and student performance data reporting and analyzing. Teachers have the opportunity to attend professional conferences and training outside of district offerings to include trainings by the Tulare County Office of Education.

For additional support in their profession, new teachers participate in the district's Beginning Teacher Support and Assessment (BTSA) and work with a BTSA provider.

Types of Services Funded

In addition to general state funding, Porterville Unified School District received state and federal categorical funding for the following support programs:

- Title I, Basic Grant
- Title II, Teacher Quality & Technology

- Title III, Limited English Proficiency
- Title VII, Indian, Native Hawaiian, and Alaska Native Education

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
