School Description

Principal's Message

Olive Street Elementary School members share the belief that all students can learn. We believe that all students have the potential to become ethical and democratic citizens who are optimistic about the future. We see that maximizing the potential of each child as our responsibility and charge during their academic years at Olive Street Elementary School.

The teachers at Olive Street Elementary School are educators who value and understand the importance of working with young minds. As a professional learning community, we strive for continued improvement of the academic program. Teachers are continuously engaged in collaborative research, problem-solving, and reflective dialogue that enables them to examine their practices with the ultimate goal of improving student achievement. Olive Street Elementary School continually strives to create a college-bound academic culture where students play a major role in their own learning and education.

We have emphasized the achievement of every student in every classroom. This approach makes sure that poor performance is not acceptable and each and every adult is accountable to the students that sit in front of them every day. By placing relentless focus on individual performance, we have implemented a vital cycle of instruction, assessment, and intervention, followed by more instruction, assessment, and intervention. We believe in all of our students and will do whatever it takes to make them successful. The students have developed an attitude of "I can and I will" when it comes to their academic success.

School Mission Statement

The mission of Olive Street School is to provide students a dynamic, engaging and effective educational experience that prepares them with the skills to be productive citizens in a global society..

Community & School Profile

Porterville, lying along the foothills of the Sierras, is located on State Highway 65, 165 miles north of Los Angeles, and 171 miles east of the Pacific Coast. Centrally located to major markets, the city has strategic access to major transportation routes. Porterville Unified School District serves more than 13,000 students throughout the community, as well as the town of Strathmore. The district is comprised of ten elementary schools, three middle schools, four comprehensive high schools, one magnet academy, one continuation high school, and two alternative sites. Olive Street School serves students in grades kindergarten through six on a traditional calendar schedule. Curriculum is based on improving reading and writing skills, with special emphasis placed on cultural awareness. Diverse literature selections and various multicultural observances promote a climate of tolerance and acceptance among students and faculty. During the 2014-15 school year, 740 students were enrolled at the school. Student demographics are displayed in the chart.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web
 page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school at (559) 782-7190 or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Porterville Unified School District held a Public Hearing on September 10, 2015 and determined that each school has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. The chart below displays data collected in August 2015, regarding textbooks in use during the 2015-16 school year.

School Facility Conditions and Planned Improvements (Most Recent Year)

Olive Street School was originally constructed in 1934 and has since undergone complete modernization. The school received upgrades to all restrooms and window replacements on all buildings in 1994. The cafeteria was also remodeled and expanded in January 2006.

The campus is currently comprised of 28 classrooms (including portables), a library, one computer lab, four staff restrooms, ten student restrooms, a cafeteria, three playgrounds, and the main office. The chart displays the results of the most recent school facilities inspection, provided by the district in June 2015.

B. Pupil Outcomes

*

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parents and the community are very supportive of the educational programs in the Porterville Unified School District. The Parent Teacher Organization (PTO) plays an active role in the community and at each school site through fundraising and special activities. Contributions from Porterville College, and Porterville High School add to the programs available at Olive Street School. Additionally, parents play a pivotal role in the development of the school site plan through participation in the School Site Council and the English Language Advisory Committee. Parents are also encouraged to volunteer at Olive by attending school events, parents meetings, and volunteering in their child's classroom.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

• Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is a primary concern of Olive Street Elementary School. Staff members supervise students on campus before and after school and during recess; noon duty supervisors monitor students during the lunch break. All visitors must sign in at the principal's office and receive proper authorization to be on campus. For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. Appointments are made with the school secretary. Once volunteers are cleared, they will receive an identification badge. Visitors are asked by the staff to display their passes at all times.

The School Site Safety Plan was most recently revised in Fall 2009 by the staff, including campus administration and the school's resource officer. Key elements of the plan focus on emergency preparedness. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Emergency drills are held on a regular basis; fire drills are held once a month, earthquake drills are held twice a year and lockdown drills are held three times a year.

Professional Development provided for Teachers

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and tenured teachers are evaluated every other year.

Evaluations are conducted by site administrators, who have been trained and certified for competency to perform teacher evaluations. Evaluation criteria includes the following:

- Engaging and Supporting all Students in Learning
- Understanding and Organizing Subject Matter for Student Learning
- Assessing Student Learning
- Creating and Maintaining Effective Environments for Student Learning
- Planning Instruction and Designing Learning Experiences for all Students
- Developing as a Professional Educator

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. For the past year, teachers attended multiple workshops dealing with the shift to the Common Core Standards (WestEd), best teaching practices (WestEd), and iPad implementation in the classroom (EdTechTeacher).

For additional support in their profession, teachers may enlist the services of the district's Beginning Teacher Support and Assessment (BTSA) facilitator and/or the Peer Assistance and Review (PAR) program.
